

ATTENTION:

Always remember to be courteous and respectful to legislators and their staff no matter how they act towards you. WE WILL NEED THEM IN THE FUTURE!

Phone Script:

“Hello, my name is (Your Name) . May I please speak with (Legislators Name) ?”

If yes....See script below (Start with line 1)

If no....Ask if you can leave a message with them. See script below (Start with line 2)

(Line 1)

“Hello (Legislators Name) . My name is (Your Name) .”

(Line 2)

“As one of your constituents and a **(Challenge Unlimited / Residential Options)** employee, I am more than concerned about the budget that has been passed. The services my company provides are facing devastating cuts to funding. If this budget is signed into law, it will totally eliminate some services and deeply wound others. On a personal note, these cuts may put my job in jeopardy. **(Get personal with them....Tell them what would happen to you and your family if you lost your job in this economy....**

EX: Kids, house payment, groceries, etc...)

I ask you to make the *necessary* decision and support an income tax increase.

Thank you for your time.
